THE BIRGE WALL-PAPERS

For the coming season are now ready. More than sixty thousand dollars have been expended in producing their new collection. In designing, coloring, stock, and printing, no economy has been thought of, the whole intent being to produce for the World's Fair year the most complete collection ever placed on the market. To show, in fact, the progress of four hundred years. That the humblest mechanic can to-day decorate his apartments with effects that, when Columbus sailed, could only adorn the palace of a king.

Everything that art, that money, and that skill could do has been lavished on this line. If you have a house or a room to decorate, ask for the BIRGE papers, and take no others.

The "Wall Paper Trust" are attempting to boycott these goods, and possibly your decorator may be one of the dealers who has pledged himself not to handle the BIRGE patterns. Then write to BIRGE & SONS direct; they will see that samples are shown you, and that only reasonable prices are asked.
